To Whom It May Concern:

Brandon Dowle worked for me as a junior designer for 2 and half years. In that time he went above and beyond to get the tasks at hand completed efficiently and timeously.

Brandon is a fast learner and always eager to educate himself further in the industry, be it in the office and learning drawing programs or on sites learning this ins and outs of how construction works.

He is reliable and trustworthy and very quickly stepped into the role that was required of him in my business. Brandon was an extremely valuable member of my team and the loss of him moving to Cape Town has certainly been felt.

Brandon has a fantastic eye with design and is excellent at putting together schemes and designs, his technical knowledge has moved from strength to strength. Time and time again he impressed me with his general know how of the industry and his ability to construct a design with the backing knowledge of how such designs should be put together.

Brandon is a hard working individual with a great drive and enthusiasm for interior design and all that is involved in the interior field.

Any company would be lucky to have him.

Should you have any further queries, please feel free to contact me for a direct reference at the details above.

Kind regards,
Kirsty Badenhorst
